

CAREER & TECHNICAL
EDUCATION AREA

VINCENNES UNIVERSITY

AGRIBUSINESS

PROGRAM DESCRIPTION

Students are introduced to agricultural-related technologies such as GPS, guidance systems, collection of field data, and other precision agricultural applications. Other topics covered include pesticide integration, soil and animal nutrients, and the integration of technology in the workplace. Students can continue their education to earn an associate degree in Agribusiness, with a major emphasis on agribusiness operations, marketing, sales, and processing of farm products.

OCCUPATIONS UPON COMPLETION OF PROGRAM:

A degree in Agribusiness offers graduates numerous career pathways in agricultural fields such as business, management, finance, marketing, and science.

ADDITIONAL EDUCATION:

We encourage our graduates to take a close look at our Agribusiness Bachelor's Program.
