CONSTRUCTION TECHNOLOGY

PROGRAM DESCRIPTION

The Knox County Construction Program is an immersive program with an emphasis on hands on learning. There is classroom and lab work in various subject matters including safety, framing, concrete/masonry, electrical wiring, and finish carpentry. Students will also get to build a house from the foundation to completion. They will get real world, on the job type training. The residential construction projects are of such a size that every student will get an opportunity to perform any task they wish to learn in a low stress, education centered environment.

OCCUPATIONS UPON COMPLETION OF PROGRAM:

- Entry level construction jobs
- Construction jobs requiring skilled labor
- Jobsite foreman
- Entry level electrical labor
- Electrical jobs requiring skilled labor
- Concrete finishing
